

Q011 Pneumatic Q-Sander,
Ø144mm, 8holes

Q007 Q-Backing pad,
Ø144mm, 8holes

RPM MAX	12.000
AIR PRESSURE MAX	90 PSIG / 6,2 bar
POWER	0,28 HP / 209 watt
WEIGHT	< 825 gram
DIAMETER	144 mm
ORBIT	2,5 mm

Q009 Q-Softpad 5mm,
Ø144mm, 8holes

Q0010 Q-Softpad 10mm,
Ø144mm, 8holes

Care should be taken to hold down the Q Backing pad when removing an abrasive disc or Q Softpad.

Q Sanding System specifically designed for sanding concave surfaces

Q Sanding Technologies offers a unique patented solution enabling users to sand inner rounded surfaces by machine instead of by hand! Using the Pneumatic Q-Sander considerably speeds up your final surface preparations before applying topcoat and improves quality of the sanded product. Winner of **WORLD TOOL AWARD 2022**

- Sand up to 5 times faster with the Pneumatic Q-Sander then by hand!
- Allows sanding every radius over 35mm.
- With random 2,5 Orbit allows precise cut control and minimal scratch pattern for sanding primers, topcoats or clears.
- Easy to use and great in saving time and material.
- Creates a sanding block effect when the flexible edge is bent upwards and sands small imperfections out.
- Less risk of over sanding edges and style lines due to less pressure on flexible edge of the backing pad.
- You can sand next to a tapeline like never before. With just mm to scuff afterward.
- Suitable for use with most 150mm abrasive discs.

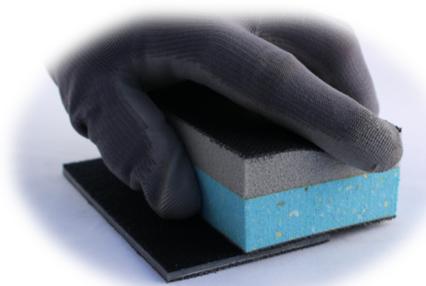

Item no.	Description	Unit price ex. VAT	Quantity per unit
Q011	Pneumatic Q-Sander ROS, 2,5 orbit	€319,00	1
Q010	Q-Softpad 10mm, Ø144mm, 8holes	€21,99	2
Q009	Q-Softpad 5mm, Ø144mm, 8holes	€21,99	2
Q008	Softpads combo pack Ø144mm 8holes, 1 x 5mm, 1 x 10mm	€21,99	2
Q007	Q-Backing pad, Ø144mm, 8holes	€79,00	1
